

MOHAMMED SAIF HUSSAIN

Hyderabad, Telangana, India | mohammedsaif2803@gmail.com | github.com/Achieversaif-94

EDUCATION

KL University — *Aziz Nagar, Hyderabad*

Bachelor of Technology in Electronics and Communication Engineering
(Specialization: AI/ML)

July 2025 – May 2029

- **Current Status:** 2nd Year Student
- **Relevant Coursework:** Data Structures & Algorithms, Python Programming, Linear Algebra, Probability & Statistics, Object-Oriented Concepts

TECHNICAL SKILLS

- **Languages:** Python, SQL, HTML5, CSS3, JavaScript (Basic)
- **Frameworks & Libraries:** FastAPI, React, Tailwind CSS, Streamlit, PyMuPDF
- **AI / ML & Vector Search:** `sentence-transformers`, FAISS, OpenAI API (GPT-4o-mini), Vector Embeddings
- **Databases & Tools:** PostgreSQL, Git, GitHub, Render, REST APIs

PROJECTS

Semantic Job Match Engine | *Python, FastAPI, sentence-transformers, FAISS, GPT-4o-mini, PostgreSQL, Streamlit*

[GitHub Repository Link] | [Live Demo Link]

- Architected a semantic job matching engine that vectorizes resumes and 10,000+ job descriptions using `all-MiniLM-L6-v2` embeddings for context-aware similarity scoring.
- Implemented a FAISS vector index to perform high-speed similarity search across job embeddings with sub-second response times.
- Integrated GPT-4o-mini API to analyze resume-job discrepancies and generate automated, 3-line targeted feedback for applicants.
- Built a responsive web UI using Streamlit (frontend) and deployed the backend API live on Render.

Responsive Web Applications | *HTML5, CSS3, JavaScript, React, Tailwind CSS*

[GitHub Repository Link]

- Designed and deployed multiple functional web pages as part of university coursework, applying UI/UX fundamentals and modern layout structures.
- Utilized React and Tailwind CSS to construct modular, responsive components tested across mobile and desktop viewpoints.

TECHNICAL CERTIFICATIONS & COURSEWORK

- **Python & Machine Learning Foundations** –[Coursera] *(In Progress)*
- **Web Development Fundamentals** – KL University Coursework (2025)
